

An aerial photograph of a village, outlined in red. The village contains numerous small buildings with blue roofs and green trees. The surrounding area is a patchwork of green and yellow fields, with a yellow road running diagonally across the top right. A small building with a red roof is visible on the right side. The text 'SOUL OF VILLAGE' is written in a large, hand-drawn, blue-outlined font across the center of the village. Below it, 'group2' is written in a smaller, similar font. At the bottom center, '1926006 Yuki Sato' is written in the same style. A small black box with white text is located in the bottom right corner of the map area.

MAKE SOME RULES

- We can go through this area just on your feet.
- No one can build a new building in this area.
- Whole roads in this area cannot be changed by anyone.
- We can make some structure with local material.
 - brick
 - bamboo
 - tile
